Perutusan Presiden

It is with great pleasure I present, on behalf of the Management Committee of Life Insurance Association of Malaysia (LIAM), the Annual Report of the Association for 2017.

Year 2017 marked another incredibly active year for the industry. In addition to the many accomplishments featured in this Annual Report, I would like to highlight the following events and activities that took place during the year, which had contributed significantly towards the industry's transformation agenda.

ENHANCING ACCESSIBILITY AND AFFORDABILITY THROUGH *PERLINDUNGAN TENANG – MAMPU & MUDAH*

In November 2017, LIAM, the Malaysian Takaful Association (MTA) and Persatuan Insurans Am Malaysia (PIAM) with the support from Bank Negara Malaysia (BNM) came up with a bold and noble initiative – first low premium insurance scheme “Perlindungan Tenang – Mampu & Mudah”.

This initiative is a huge step towards promoting financial inclusion to serve the diverse needs of the society, particularly the bottom 40% of households (B40) in Malaysia.

Aimed at enhancing accessibility and affordability of insurance and takaful protection among Malaysians, the industry is committing to develop a sustainable market where insurers and takaful operators offer products through various distribution channels, with good protection value, and administrative ease during purchase and claims process.

Riding on three criteria (Affordable, Accessible and Simple), the first batch of 10 products were rolled out by six life insurance companies, three takaful operators and one general insurance company.

Through the basic protection provided under Perlindungan Tenang – Mampu & Mudah initiative, Malaysians can now protect themselves and their families (against key risks in life) with premiums/contribution starting from a few ringgit per month.

The Perlindungan Tenang – Mampu & Mudah is a national initiative intended to reach eight million working-age Malaysians and more than 700,000 micro enterprises that currently need insurance and takaful protection against key risks. It works well with the industry's efforts to provide various educational and awareness programmes, creating urgency of

Bagi pihak Jawatankuasa Pengurusan Persatuan Insurans Hayat Malaysia (LIAM), saya dengan sukacitanya membentangkan Laporan Tahunan Persatuan bagi tahun 2017.

Tahun 2017 merupakan satu lagi tahun yang amat aktif bagi industri. Selain banyak pencapaian yang dipaparkan dalam Laporan Tahunan ini, saya ingin menyorot peristiwa dan aktiviti yang berlaku sepanjang tahun itu yang telah memberi sumbangan yang besar kepada agenda transformasi industri.

MEMPERKASAKAN SENANG MILIK DAN MAMPU MILIK MELALUI PERLINDUNGAN TENANG – MAMPU & MUDAH

Pada November 2017, LIAM, Persatuan Takaful Malaysia (MTA) dan Persatuan Insurans Am Malaysia (PIAM) dengan sokongan Bank Negara Malaysia (BNM) telah memulakan inisiatif yang berani dan murni, iaitu skim insurans premium rendah pertama “Perlindungan Tenang – Mampu & Mudah”.

Inisiatif ini merupakan langkah besar ke arah mempromosikan kewangan inklusif bagi memenuhi pelbagai keperluan masyarakat, terutamanya kumpulan isi rumah berpendapatan 40% terendah (B40) di Malaysia. Disasarkan kepada memperkasakan senang milik dan mampu milik perlindungan insurans dan takaful dalam kalangan rakyat Malaysia, industri ini komited untuk membangunkan pasaran yang mapan di mana penanggung insurans dan pengendali takaful menawarkan produk melalui pelbagai saluran pengedaran dengan nilai perlindungan yang bagus dan prosedur pentadbiran yang mudah semasa proses pembelian dan tuntutan.

Berteraskan tiga kriteria (Mampu Milik, Senang Milik dan Mudah), kelompok pertama yang terdiri daripada 10 produk telah ditawarkan oleh enam syarikat insurans hayat, tiga pengendali takaful dan satu syarikat insurans am. Melalui perlindungan asas yang disediakan di bawah inisiatif Perlindungan Tenang – Mampu & Mudah, rakyat Malaysia kini boleh melindungi diri dan keluarga mereka (daripada risiko utama dalam kehidupan) dengan premium/caruman yang bermula daripada beberapa ringgit sebulan.

Perlindungan Tenang – Mampu & Mudah adalah inisiatif nasional yang bertujuan untuk menjangkau lapan juta rakyat Malaysia daripada kelompok umur bekerja dan lebih daripada 700,000 usahawan mikro yang kini memerlukan perlindungan insurans dan takaful terhadap risiko utama. Ia berjalan lancar

financial protection, and how insurance and takaful can meet the needs of the public.

In the next few months, more products from insurance and takaful companies will be added to the list to serve the diverse needs of Malaysians.

With the support from our stakeholders, we will continue to intensify our efforts in raising public awareness as well as encourage more companies to offer Perlindungan Tenang – Mampu & Mudah plans.

We believe the Perlindungan Tenang – Mampu & Mudah protection plans will further encourage more Malaysians to be aware of their responsibilities to protect themselves and their families against key risks in life.

LIAM SETS UP LIAISON COMMITTEES IN EAST MALAYSIA

In line with our aspiration to create a prominent LIAM presence and activities within the insurance fraternity and community in East Malaysia, LIAM has formed Liaison Committees for Sabah and Sarawak over the course of 2017.

The Sarawak Liaison Committee was launched by the state's Chief Minister, Y.A.B. Datuk Patinggi Abang Haji Abdul Rahman Zohari Bin Tun Datuk Abang Haji Openg and Governor of Bank Negara Malaysia, YBhg. Tan Sri Muhammad bin Ibrahim on 24 November 2017, in conjunction with the Karnival Kewangan Sarawak held from 24 to 26 November 2017.

Among the key areas to be implemented in Sabah and Sarawak, include the sharing of information, activities and plans carried out by LIAM in the area of financial education, financial inclusion and community outreach programmes.

At the moment, most of the activities carried out at the industry level are limited to Peninsular Malaysia.

Moving forward, the LIAM Secretariat will be scheduling meetings with the Liaison Committees in both states to share the role of LIAM, its activities and areas of bilateral cooperation among members.

selaras dengan usaha industri ini untuk menyediakan pelbagai program pendidikan dan kesedaran, mewujudkan kesegaran dalam mendapatkan perlindungan kewangan, dan bagaimana insurans dan takaful dapat memenuhi keperluan orang ramai.

Dalam beberapa bulan akan datang, lebih banyak produk daripada syarikat insurans dan takaful akan ditambah kepada senarai ini bagi memenuhi pelbagai keperluan rakyat Malaysia. Dengan sokongan daripada pihak berkepentingan kami, kami akan terus menggiatkan usaha dalam meningkatkan kesedaran awam serta menggalakkan lebih banyak syarikat menawarkan pelan Perlindungan Tenang – Mampu & Mudah.

Kami percaya pelan Perlindungan Tenang- Mampu & Mudah akan menggalakkan lebih ramai lagi rakyat Malaysia menyedari tanggungjawab mereka bagi melindungi diri dan keluarga mereka daripada risiko utama dalam kehidupan.

LIAM MENUBUHKAN JAWATANKUSA HUBUNGAN DI MALAYSIA TIMUR

Selring dengan aspirasi kami untuk mewujudkan kehadiran dan aktiviti LIAM yang menonjol dalam industri insurans dan komuniti di Malaysia Timur, LIAM telah menubuhkan Jawatankuasa Hubungan untuk Sabah dan Sarawak pada tahun 2017.

Jawatankuasa Hubungan Sarawak telah dilancarkan oleh Ketua Menteri Sarawak, Y.A.B. Datuk Patinggi Abang Haji Abdul Rahman Zohari Bin Tun Datuk Abang Haji Openg dan Gabenor Bank Negara Malaysia, YBhg. Tan Sri Muhammad bin Ibrahim pada 24 November 2017 sempena dengan Karnival Kewangan Sarawak yang telah diadakan dari 24 hingga 26 November 2017.

Antara bidang utama yang akan dilaksanakan di Sabah dan Sarawak ialah perkongsian maklumat, aktiviti dan rancangan yang dijalankan oleh LIAM dalam bidang pendidikan kewangan, kewangan inklusif dan program jangkauan komuniti. Pada masa ini, kebanyakan aktiviti yang dijalankan pada peringkat industri adalah tertumpu di Semenanjung Malaysia.

Pada masa akan datang, Sekretariat LIAM akan menjadualkan mesyuarat dengan Jawatankuasa Hubungan di kedua-dua negeri tersebut untuk berkongsi peranan LIAM, aktivitinya dan bidang kerjasama dua hala dalam kalangan ahlinya.

NURTURING YOUNG TALENTS THROUGH LIAM STRUCTURED INTERNSHIP PROGRAMME

In line with the dynamic growth and transformation of the life insurance industry, we have taken an initiative to build a new pool of young insurance professionals to bring the insurance industry to the next level.

The introduction of the LIAM Structured Internship Programme since September 2016 is a noble initiative that gives opportunity to young undergraduates to undergo internship experiences with one of 16 life insurance/reinsurance companies in Malaysia.

Other than promoting the industry as a progressive one with a wide spectrum of job opportunities, it also helps to build a good training ground for the undergraduates before they join the corporate world.

The programme, which has received overwhelming response from young Malaysian undergraduates from the local universities as well as abroad, has enrolled more than 230 interns to date.

The programme is a joint-collaboration with the Ministry of Higher Education Malaysia and designed in accordance with the Talent Corp Internship Framework.

As part of the internship, young talents were trained to develop good leadership, and sharpen communication and presentation skills at a two-day workshop.

The LIAM Structured Internship Programme is set to continue in 2018, with more interesting activities lined up for interns to ensure they benefit from the programme.

Ultimately, it lays the foundation for the inflow of human capital and build a pipeline of talents for the industry.

SIGNIFICANT PROGRESS OF THE LIFE FRAMEWORK

Introduced by BNM in November 2015, the Life Insurance and Family Takaful Framework (LIFE Framework), which was aimed at supporting the long-term growth and development of the life insurance and family takaful industry, has set out three-pronged strategy:

- Greater operational flexibility for insurers and takaful operators to promote competitive environment and product innovation

MEMUPUK BAKAT-BAKAT MUDA MELALUI PROGRAM LATIHAN INDUSTRI BERSTRUKTUR LIAM

Seiring dengan pertumbuhan dinamik dan transformasi industri insurans hayat, kami telah mengambil daya usaha untuk membina kumpulan baharu profesional muda dalam insurans untuk membawa industri ini ke tahap seterusnya. Pengenalan Program Latihan Industri Berstruktur LIAM sejak September 2016 merupakan inisiatif murni yang memberi peluang kepada siswazah muda untuk menimba pengalaman latihan industri dengan salah sebuah daripada 16 syarikat insurans hayat/insurans semula di Malaysia. Selain mempromosikan industri ini sebagai sebuah industri yang progresif dengan spektrum peluang pekerjaan yang luas, ia juga menolong membina asas latihan yang baik untuk para siswazah sebelum mereka menyertai dunia korporat.

Program ini, yang telah mendapat sambutan hebat daripada siswazah muda Malaysia dari universiti tempatan dan juga luar negara, telah mendaftarkan lebih daripada 230 peserta latihan industri setakat ini. Program ini adalah usaha sama dengan Kementerian Pendidikan Tinggi Malaysia dan direka bentuk menurut Rangka Kerja Latihan Industri Talent Corp. Sebagai sebahagian daripada latihan industri, bakat-bakat muda dilatih untuk membentuk kepemimpinan yang baik serta mempertajamkan kemahiran komunikasi dan penyampaian pada bengkel selama dua hari.

Program Latihan Industri Berstruktur LIAM akan diteruskan pada tahun 2018 dengan lebih banyak aktiviti menarik disediakan untuk peserta latihan industri demi memastikan mereka mendapat manfaat daripada program ini. Akhirnya, ia meletakkan asas bagi aliran masuk modal insan dan membina aliran bakat bagi industri ini.

KEMAJUAN PENTING RANGKA KERJA INSURANS HAYAT

Diperkenalkan oleh Bank Negara Malaysia (BNM) pada November 2015, Rangka Kerja Insurans Hayat dan Takaful Keluarga (LIFE Framework), yang mensasarkan kepada menyokong pertumbuhan dan pembangunan jangka panjang industri insurans hayat dan takaful keluarga, telah menetapkan strategi serampang tiga mata:

- Operasi yang lebih fleksibel bagi penanggung insurans dan pengendali takaful bagi menggalakkan persekitaran yang berdaya saing dan inovasi produk.
- Mempelbagaikan saluran pengedaran produk bagi meluaskan jangkauan bagi meningkatkan penembusan insurans dan takaful.

- Diversification of product distribution channels to widen outreach to increase insurance and takaful penetration
- Strengthening market practice to enhance consumers' protection through instilling greater professionalism in the industry

Since its introduction, the industry continued to make significant progress under the Life Framework.

• BALANCED SCORECARD

Effective January 2018, the Balanced Scorecard (BSC) for agents was introduced. Under the BSC framework, a proportion of agent remuneration will be dependent on a number of factors such as persistency, professionalism, advice given to customers, good service, etc. This will be a major transformation to the life insurance experience for policyholders.

BNM has also issued the new Guidelines on Operating Cost Controls for Life Insurance and Takaful which incorporated the gradual removal of operating cost control limits for life insurance and BSC framework for agents' remuneration.

The new Operating Cost Controls Guideline came into force on 1 January 2018.

The BSC for Banks is scheduled for implementation in January 2019.

• DIVERSIFICATION OF DISTRIBUTION CHANNELS

In July 2017, the purchase of life insurance could be made through on-line/internet channels and direct walk-in.

The introduction of easy, hassle-free distribution channels is to make life insurance purchase simple and quick, hence increasing the reach and penetration of insurance among the new generation of consumers.

The critical illness and medical products will be available online effective July 2018.

Currently, other than through agencies, banks, telemarketers and financial advisers, insurance products are easily available where Malaysians can purchase insurance products at post offices and bank offices throughout the country via a collaboration with Pos Malaysia.

Financial services officers are also stationed at Pos Malaysia's outlets nationwide to provide professional advice on insurance products.

- Memperkuatkan amalan pasaran bagi memperkasaan perlindungan pengguna melalui penyemayaan profesionalisme yang lebih tinggi dalam industri.

Sejak diperkenalkan, industri ini terus mencatatkan kemajuan yang besar di bawah Rangka Kerja Insurans Hayat.

• KAD SKOR SEIMBANG

Mulai Januari 2018, Kad Skor Seimbang (Balanced Scorecard/ BSC) untuk ejen telah diperkenalkan. Di bawah rangka kerja BSC, sebahagian daripada imbuhan ejen akan bergantung kepada beberapa faktor seperti ketegaran, profesionalisme, nasihat yang diberikan kepada pelanggan, perkhidmatan yang baik dan sebagainya. Ini akan menjadi satu transformasi yang besar kepada pengalaman insurans hayat bagi pemegang polisi.

BNM juga telah mengeluarkan Garis Panduan Kawalan Kos Operasi yang baharu bagi Insurans Hayat dan Takaful yang menyertakan pemansuhan beransur-ansur had kawalan kos operasi bagi insurans hayat dan rangka kerja BSC bagi imbuhan ejen. Garis Panduan Kawalan Kos Operasi yang baharu ini berkuat kuasa pada 1 Januari 2018.

BSC bagi Bank dijadual dilaksanakan pada Januari 2019.

• MEMPELBAGAIKAN SALURAN PENGEDARAN

Pada Julai 2017, pembelian insurans hayat boleh dibuat melalui saluran dalam talian/internet dan datang sendiri ke syarikat insurans (direct walk-in). Pengenalan saluran pengedaran yang mudah, bebas kerentak bertujuan untuk membuatkan pembelian insurans hayat mudah dan cepat, sekali gus meningkatkan jangkauan dan penembusan insurans dalam kalangan generasi baharu pengguna. Produk penyakit kritis dan perubatan akan ditawarkan secara dalam talian mulai Julai 2018.

Pada masa ini, selain melalui agensi, bank, tele-pemasaran dan penasihat kewangan, produk insurans mudah didapati di mana rakyat Malaysia boleh membeli produk insurans di pejabat pos dan pejabat bank di seluruh negara melalui usaha sama dengan Pos Malaysia. Pegawai perkhidmatan kewangan juga ditempatkan di premis Pos Malaysia di seluruh negara bagi memberikan nasihat profesional mengenai produk insurans.

ELEVATING INDUSTRY'S PROFESSIONALISM THROUGH THE LAUNCH OF CODE OF PRIVACY PRACTICE OF PDPA 2010

The launching and signing ceremony of the Code of Privacy Practice between LIAM, PIAM and MTA with the Personal Data Protection Department (PDP) on 24 February 2017 at Lanai Kijang, Bank Negara Malaysia was another milestone for the insurance and takaful sector as we were able to demonstrate our commitment to safeguard and protect the handling of personal data of our customers in accordance with the Personal Data Protection Act 2010.

The PDP Department was represented by its Commissioner, Yang Berusaha Puan Khalidah bt Mohamad Darus while PIAM and MTA were represented by Mr Antony Lee, Chairman of PIAM and Encik Muhammad Fikri bin Mohamad Rawi, Chairman of MTA. The launching and signing ceremony was also witnessed by the former Commissioner of Personal Data Protection Department of Malaysia, Yang Berusaha Encik Mazmalek bin Mohamad.

The implementation of the Code would further elevate the service standard and professionalism of the industry which would lead to better business practices, instil faith in the minds of the customers and ensure the public's full trust and confidence in the integrity of the industry.

On 10 April 2017, a Seminar on Compliance of the Code of Privacy Practice on Personal Data Protection Act 2010 was organised by the industry for all its employees to brief them on their roles and responsibilities and increased awareness on the Code and its application.

ONE BELT ONE ROAD (OBOR): MALAYSIA-CHINA FINTECH INNOVATION MISSION TO SHANGHAI AND HANGZHOU

The Fourth Industrial Revolution, which is now taking place around the globe, is changing various aspects of our lives, be it the way we work and the way we live. Hence, we cannot afford to miss digital innovation in products, processes and business models that can offer great opportunities.

We have to keep pace with the rapid advances in technology and at the right scale to stay competitive.

In keeping up to these challenges and developments, LIAM organised a five-day study visit for Chief Executive Officers of LIAM member companies to China Fintech Innovation Labs from 13 to 17 November 2017.

MENINGKATKAN PROFESIONALISME INDUSTRI MELALUI PELANCARAN KOD AMALAN PRIVASI PDPA 2010

Majlis pelancaran dan menandatangani Kod Amalan Privasi antara LIAM, PIAM dan MTA dengan Jabatan Perlindungan Data Peribadi (PDP) pada 24 Februari 2017 di Lanai Kijang, Bank Negara Malaysia merupakan satu lagi peristiwa penting bagi sektor Insurans dan takaful dalam menunjukkan komitmen kami bagi menjaga dan melindungi pengendalian data peribadi pelanggan kami menurut Akta Perlindungan Data Peribadi 2010.

Jabatan PDP diwakili oleh Pesuruhjaya, Yang Berusaha Puan Khalidah bt Mohamad Darus, manakala PIAM dan MTA diwakili oleh Encik Antony Lee, Pengurus PIAM dan Encik Muhammad Fikri bin Mohamad Rawi, Pengurus MTA. Majlis pelancaran dan menandatangani ini disaksikan oleh mantan Pesuruhjaya Jabatan Perlindungan Data Peribadi Malaysia, Yang Berusaha Encik Mazmalek bin Mohamad.

Pelaksanaan Kod ini akan meningkatkan lagi standard perkhidmatan dan profesionalisme industri ini yang akan membawa kepada amalan perniagaan yang lebih baik, menanamkan keyakinan dalam minda pelanggan serta memastikan kepercayaan dan keyakinan sepenuhnya orang ramai terhadap integriti industri ini.

Pada 10 April 2017, satu Seminar mengenai Pematuhan Kod Amalan Privasi mengenai Akta Perlindungan Data Peribadi 2010 telah dianjurkan oleh industri ini untuk semua pekerja dan pengantaranya bagi memberi taiklimat kepada mereka mengenai peranan dan tanggungjawab mereka serta meningkatkan kesedaran mengenai Kod ini dan pemakaianya.

ONE BELT ONE ROAD (OBOR): MISI INOVASI FINTECH MALAYSIA-CHINA KE SHANGHAI DAN HANGZHOU

Revolusi Perusahaan Keempat, yang kini sedang berlaku di seluruh dunia, mengubah pelbagai aspek kehidupan kita, baik dalam cara kita bekerja maupun cara kita menjalani kehidupan. Oleh itu, kita tidak boleh terlepas inovasi digital dalam produk, proses dan model perniagaan yang mampu menawarkan peluang yang hebat.

Kita perlu bergerak seiring dengan kemajuan pesat dalam teknologi dan pada skala yang betul untuk terus kekal berdaya saing.

Dalam mengikuti cabaran dan perkembangan ini, LIAM telah menganjurkan lawatan sambil belajar selama lima hari untuk Ketua-Ketua Pegawai Eksekutif dari syarikat-syarikat ahli LIAM ke China Fintech Innovation Labs dari 13 hingga 17 November 2017.

The One Belt One Road: Malaysia-China Fintech Innovation Mission to Shanghai and Hangzhou was in line with the industry's effort in improving its technology to bring the industry to a higher level of digitisation.

It was aimed at exploring innovations and new technologies from China's emerging fintech industry and to understand regulatory issues and challenges in its implementation.

Some senior officials from BNM and senior management level of PIAM and MTA also joined the visit.

Among the places covered during the study visit were the InnoSpace, Shanghai Government Incubator, the ZhongAn Online Innovation Lab, the GaoPeng/Tencent/Blockchain Lab Innovation Spaces and the Alibaba (China) Co. Ltd's Ant Financial Lab.

The visit was indeed an eye-opener for industry leaders to learn and explore technologies and innovations brought about by the Fourth Industrial Revolution.

I must say, this visit by the captains of the insurance industry was timely as they had the opportunity to learn from the experts in China who are known for their remarkable advancement in digitisation.

The study visit had also exposed the CEOs to many new ideas and technology that they can bring back to their companies.

The role of the insurance industry towards 2050 will change. Products and delivery channels need to be diversified and redesigned to suit the taste of the ever demanding customers.

The liberalisation of the financial sector in Malaysia is a significant milestone towards achieving the long-term vision to have a financial sector that is efficient, resilient and dynamic. This liberalisation will also contribute towards the transformation process of the Malaysian economy to its next phase of development.

One Belt One Road: Misi Inovasi Fintech Malaysia-China ke Shanghai dan Hangzhou adalah selaras dengan usaha industri dalam menambahbaikkan teknologinya demi membawa industri ke tahap pendigitalan yang lebih tinggi.

Ia bertujuan menerokai inovasi, teknologi baharu daripada industri fintech yang sedang muncul di China serta memahami isu-isu kawal selia dan cabaran dalam pelaksanaannya.

Beberapa pegawai kanan dari BNM dan peringkat pengurusan kanan PIAM dan MTA juga menyertai lawatan ini.

Antara tempat yang dikunjungi semasa lawatan sambil belajar ini ialah InnoSpace, Shanghai Government Incubator, ZhongAn Online Innovation Lab, GaoPeng/Tencent/Blockchain Lab Innovation Spaces dan Alibaba (China) Co. Ltd's Ant Financial Lab.

Lawatan ini sememangnya merupakan pembuka mata bagi ketua-ketua industri untuk belajar dan menerokai teknologi dan inovasi yang tercetus daripada Revolusi Perusahaan Keempat ini.

Sesungguhnya, lawatan oleh kapten-kapten industri insurans adalah bertepatan dengan masanya kerana mereka berpeluang untuk belajar daripada pakar-pakar di China yang terkenal dengan kemajuan menakjubkan dalam pendigitalan. Lawatan sambil belajar ini juga telah mendedahkan Ketua-Ketua Pegawai Eksekutif ini kepada banyak idea dan teknologi baharu yang mereka boleh bawa pulang ke syarikat mereka.

Peranan industri insurans menuju tahun 2050 akan berubah. Produk dan saluran penyampaian perlu dipelbagaikan dan direka bentuk semula bagi memenuhi citarasa pelanggan yang sentiasa cerewet.

Liberalisasi sektor kewangan di Malaysia merupakan peristiwa penting ke arah mencapai visi jangka panjang bagi melahirkan sektor kewangan yang cekap, berdaya tahan dan dinamik. Liberalisasi ini juga akan menyumbang ke arah proses transformasi ekonomi Malaysia ke fasa pembangunannya yang seterusnya.

On behalf of the industry, I would like to express our heartfelt gratitude and appreciation to YB Dato' Seri Ong Ka Chuan, Minister of International Trade and Industry II for officiating the OBOR : Malaysia-Shanghai Innovation Business Forum at InnoSpace in Shanghai, on 14 November 2017.

We were deeply honoured by YB Dato' Seri's presence at the high level forum that gave a positive impact to our counterparts in China and benefited the insurance industry in Malaysia.

► Report of the Management Committee

2017 was another busy and productive year for LIAM. The many activities and events were held successfully, made possible with the support from all 16 member companies and various stakeholders.

We are pleased to report the highlights of key activities and issues dealt with during the year.

► Community Engagement Programmes

Karnival Kewangan Kedah

► Karnival Kewangan brings financial industry closer to Malaysians

In its efforts to bring the financial industry closer to Malaysians, Bank Negara Malaysia (BNM) in collaboration with more than 100 financial institutions in the country, including the insurance industry, organised a series of Karnival Kewangan at four locations in Malaysia.

They were Karnival Kewangan Kuala Lumpur (Putra World Trade Centre) from 13 to 15 January 2017, Karnival Kewangan

Sabah (Suria Mall, Kota Kinabalu) from 4 to 6 August 2017, Karnival Kewangan Sarawak (CityOne Mall, Kuching) from 24 to 26 November 2017 and Karnival Kewangan Kedah (TH Hotel & Convention Centre, Alor Setar) from 19 to 21 January 2018.

Themed "Your Financial Needs Matters", the events aim to inform and educate the public on financial

matters, including available services that can help individuals and businesses manage their financial affairs more effectively.

The Karnival, which were held for three days at the respective locations, had provided an excellent opportunity for members in the financial services sector, including life insurance companies and LIAM to enhance public's awareness on financial management, financial literacy and consumer protection. The financial institutions also took the opportunity to showcase their products and services.

Throngs of visitors from all walks of life came to the Karnival to check out the products and services offered by the participating financial institutions and insurance companies.

As one of the exhibitors at the Karnival, LIAM organised games and activities to educate visitors on life insurance, conducted surveys on life insurance, promotion of Perlindungan Tenang products, screening of educational videos on e-payment, screening of Youth Video Awards' winning videos, LIAM Structured Internship Programme, Insurans Hayat Cares' activities and Facebook outreach. LIAM's booklets on cancer and heart awareness were also distributed to visitors.

The Karnival, which attracted close to 100,000 visitors in total, have also brought the financial industry closer to the people, particularly low-income earners, youths, women and the small and medium entrepreneurs at the respective states.

Launching of FINCO at Karnival Kewangan Sabah

► **Financial institutions come together to enhance English literacy via Financial Industry Collective Outreach (FINCO) initiative**

The financial industry recognises its role in contributing back to the nation through an alignment of effort on corporate social responsibility projects.

Seven financial industry associations and 107 financial institutions with the support from BNM came together in 2017 to work on an industry-wide initiative – the Financial Industry Collective Outreach or FINCO, the largest collective impact initiative for corporate social

responsibility (CSR) in Malaysia. FINCO's objective is to provide an avenue for all financial industry players to collaborate through the FINCO platform and implement sustainable community outreach programmes through shared funding and resources. The pooling together of resources on a wide level for corporate social responsibility projects is expected to generate greater multiplier effects.

FINCO Members' Dialogue Day

FINCO focuses on enhancing literacy development in the English language and provides life aspiration for the underprivileged children and youth, especially in the B40 (bottom 40%) household group to achieve their life goals.

FINCO was launched at the Karnival Kewangan Sabah by the Chief Minister, YAB Datuk Seri Panglima Musa Haji Aman and witnessed by BNM Governor, YBhg Tan Sri Muhammad bin Ibrahim on 4 August 2017 at the Suria Mall in Kota Kinabalu.

Its pilot project FINCO Reads, a programme to enhance English proficiency among students was unveiled during the launch. The project started with 14 schools across Sabah and to continue in Sarawak and subsequently to other states in Malaysia.

Another flagship programme, FINCO Mentor was launched together with the FINCO website in conjunction with the Karnival Kewangan Sarawak in November 2017. FINCO Mentor is a mentorship programme with an online platform and an offline activation. It will be piloted with 10 schools and 1,500 students in Sarawak in 2018.

A Members' Dialogue Day was organised on 5 December 2017 to introduce FINCO to all of the member financial institutions, as well as to launch their engagement in FINCO programmes.

► Engagement with stakeholder

The Management Committee of LIAM continued to engage with key stakeholders to maintain mutual working relationships in serving the industry. One of them is the Perbadanan Insurans Deposit Malaysia (PIDM). On 27 November 2017, LIAM Management Committee hosted a lunch for the PIDM's senior management team headed by Encik Rafiz Azuan Abdullah, Chief Executive Officer of PIDM at the Majestic Hotel in Kuala Lumpur.

PIDM is a government agency established under the Akta Perbadanan Insurans Deposit Malaysia 2005, which provides protection to bank depositors, insurance policyholders and takaful certificate holders against the loss of their deposits or insurance/takaful benefits in the event the banks, insurance or takaful companies are unable to repay depositors on their insured deposits.

► Tax deduction on PIDM levies

The Ministry of Finance (MOF) through its letter dated 27 July 2017 confirmed that the tax exemption on levies paid to PIDM granted to insurance companies and takaful operators is claimable from the shareholders' fund as currently being practised by the insurance companies and takaful operators. This is applicable for years of assessment from 2015 to 2017 and a new tax order will be issued for the year of assessment 2018 onwards.

LIAM has engaged with PIDM to seek its assistance to discuss with the MOF for the current tax treatment to continue for the year of assessment 2018 onwards.

► Customer Service Charter for life insurance industry

Taking a step further to enhance the level of services to policyholders, the Client Charter introduced in January 2011 was replaced with a more comprehensive Customer Service Charter (CSC) in December 2017. Aimed at underscoring the insurers' commitment to deliver a consistent high standard of customer service, the revised Charter has introduced certain minimum industry standards with regard to turnaround times for specified services.

The CSC, which mapped out the minimum expected level of services, including the turnaround for specified services, elaborating on four key pillars

- Ensuring accessibility of insurance,
- Knowing the customers,
- Ensuring transparent and efficient service
- Fair and timely claims settlement.

With the new CSC in place, the industry is set to provide better customer experience and satisfaction, gaining their trust and reducing the number of complaints.

► Institusi kewangan bekerjasama meningkatkan penguasaan Bahasa Inggeris melalui inisiatif *Financial Industry Collective Outreach (FINCO)*

Industri kewangan menyedari peranannya dalam menyumbang balik kepada negara melalui penyelarasan usaha dalam projek tanggungjawab sosial korporat.

► Piagam Perkhidmatan Pelanggan bagi industri insurans hayat

Dalam usaha untuk meningkatkan tahap perkhidmatannya kepada pemegang polisi, Piagam Pelanggan yang telah diperkenalkan pada Januari 2011 telah digantikan dengan Piagam Perkhidmatan Pelanggan (CSC) yang lebih komprehensif pada Disember 2017. Bertujuan untuk menekankan komitmen penanggung insurans dalam memberikan standard perkhidmatan pelanggan yang tinggi secara konsisten, semakan Piagam ini telah memperkenalkan standard industri minimum tertentu berhubung dengan jangka masa (*turnaround times*) bagi perkhidmatan tertentu.

CSC, yang menggariskan dengan teliti tahap perkhidmatan minimum yang diharapkan, termasuk jangka masa bagi perkhidmatan tertentu, memperincikan empat rukun utama

- Memastikan insurans mudah diakses,
- Mengenali pelanggan,
- Memastikan perkhidmatan yang telus dan cekap,
- Penyelesaian tuntutan yang adil dan tepat pada masanya.

Dengan adanya CSC yang baharu ini, industri ini bersedia untuk memberikan pengalaman dan kepuasan pelanggan yang lebih baik, meraih kepercayaan mereka dan mengurangkan bilangan aduan.

► Kesimpulan

Jawatankuasa Pengurusan ingin merakamkan setinggi-tinggi penghargaannya kepada semua syarikat ahli LIAM di atas sokongan mereka yang tidak berbelah bahagi dan penyertaan aktif dalam aktiviti dan acara LIAM sepanjang tahun itu.

LIAM menjangkakan cabaran yang lebih besar sedang menanti ketika industri ini meneruskan agenda transformasinya di bawah Rangka Kerja Insurans Hayat. Kami mengharapkan sokongan dan kerjasama yang berterusan daripada ahli ketika kami bersiap sedia untuk menghadapi cabaran ini demi membina industri yang lebih berdaya tahan dan progresif yang sedia untuk memenuhi pelbagai keperluan pengguna dan menyumbang kepada pertumbuhan negara.

This amount is 6.0% higher than the corresponding figure of RM1.3 trillion in 2016.

The per capita sum assured also increased from RM41,055 in 2016 to RM42,992 in 2017.

However, the per capita sum assured of RM42,992 is still way below the amount needed to support one family member in the event of the death or disability of the breadwinner. Based on the 2012 Underinsurance Study in Malaysia undertaken by University Kebangsaan Malaysia and LIAM in 2013, the average mortality gap for each member of a family is about RM100,000 to RM150,000.

The life insurance industry also registered an increase of 5.3% in claims amounting to RM10.1 billion as compared to RM9.7 billion in 2016. The growth in claims payments was contributed mainly by higher death and disability claims.

The increase in healthcare costs is a major concern in the industry as companies try to keep the healthcare premium affordable for all. Among the efforts undertaken by the industry to manage the rising medical costs include working closely with various stakeholders to ensure that the healthcare premiums continue to be maintained at an affordable level, proposing to request that private hospitals on insurers' panel to publish their charges on common surgeries and treatments, standardise their billing format to enhance the efficiency of keeping tabs on claims amounts and work with healthcare providers to ensure that medical treatments are charged at fair prices and treatments recommended are clinically indicated.

Outlook

The outlook and prospect of the life insurance sector remains positive as the percentage of population with life insurance or takaful plans is still low at 54%. Taking into account policyholders with more than one life or takaful policy/certificate, only 34 out of 100 people are insured.

In response to this challenge, Bank Negara Malaysia together with LIAM, the Malaysian Takaful Association and Persatuan Insurans Am Malaysia came up with a bold and noble initiative in November 2017 to launch an affordable insurance scheme "Perlindungan Tenang – Mampu & Mudah".

Riding on three basic criteria of being Affordable, Accessible and Simple, Perlindungan Tenang is sold by six life insurance companies. Through the basic protection provided under the Perlindungan Tenang initiative, Malaysians can now protect themselves and families (against key risks in life) with premiums/contributions from only a few ringgit per month.

In July 2017, significant developments were made to offer life insurance via on-line/internet channels and direct walk-in. The introduction of easy, hassle-free distribution channels is to make life insurance purchase simple and quick.

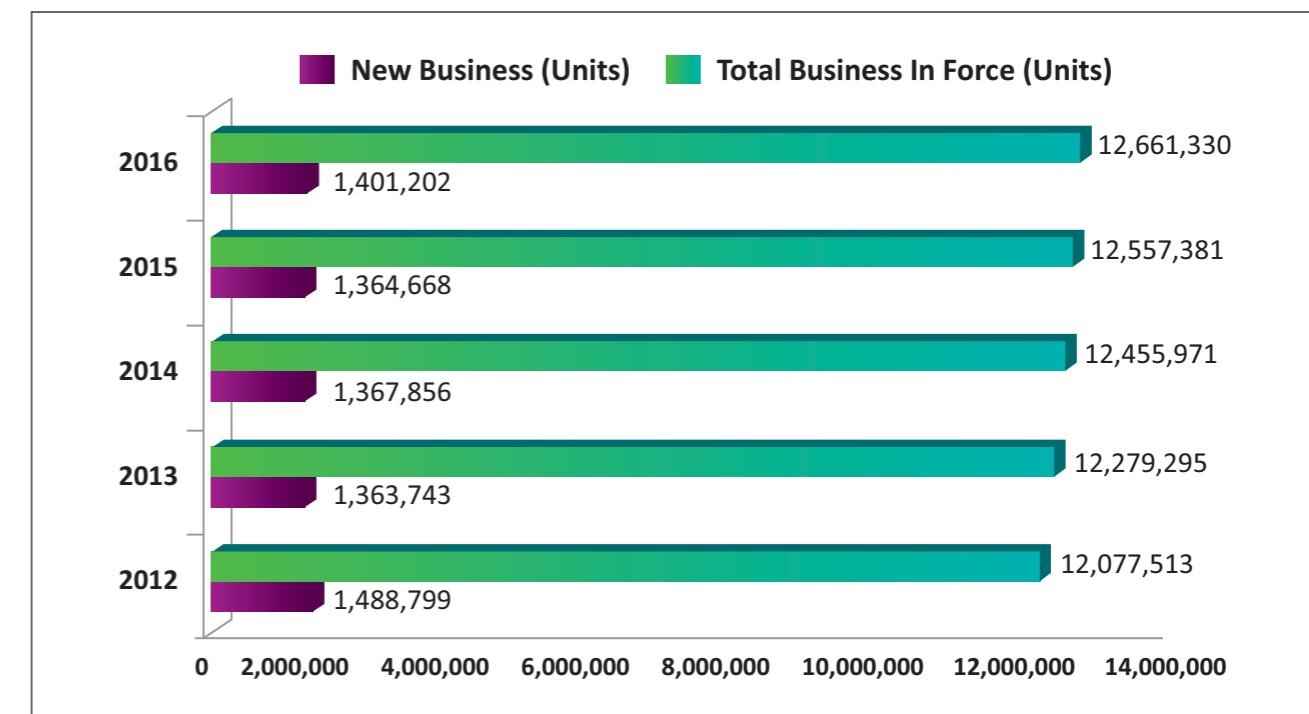

The life insurance industry also introduced a more comprehensive Customer Service Charter (CSC) in December 2017. Aimed at underscoring the insurers' commitment to deliver a consistent high standard of customer service, the revised Charter has introduced certain minimum industry standards with regard to turnaround times for specified services. With the new CSC in place, the industry is set to provide better customer experience and satisfaction, by gaining their trusts and reducing the number of complaints.

Effective January 2018, the Balanced Scorecard (BSC) for agents was introduced. Under the BSC framework, a proportion of agents remuneration will be dependant on a number of factors such as persistency, professionalism, advice given to customers, good service etc. This will be a major transformation to the life insurance experience for policyholders.
